Dear Ambassador Halm:

The pleasant memory of your recent visit will long remain with us and serve as inspiration to our program here. You will never know the fine and constructive influence which you radiated by your visit; we will ever be your debtors.

While I can understand your reaction with respect to the honorarium, its presentation was merely in recognition of the contribution which you made to us. We recognize it would be impossible to repay you by any monetary approach. We do trust that you and your associates will visit us again in the near future.

Faculty, staff and students join me in wishing you and yours a most pleasant Yuletide season.

Yours very truly,
